

<sup>1</sup> On February 4, 2015, Petitioner American Gas Association moved for voluntary dismissal of its petition for review. ECF No. 1535928. That motion is pending.

by Petitioners in these consolidated cases (i.e., the American Petroleum Institute, the Interstate Natural Gas Association of America, Chesapeake Energy Corporation, and the Gas Processors Association). Because the issues raised in the administrative petitions for reconsideration overlap with the issues in this litigation, EPA moved to hold the case in abeyance pending completion of the reconsideration process. The Court granted that motion in its Order of March 3, 2011, and required EPA to file status reports at 90 day intervals and required the parties to file motions to govern further proceedings within 30 days of the completion of the agency proceedings.

EPA's review of the administrative petitions is ongoing. Accordingly, the case should continue to be held in abeyance.

Respectfully submitted,

JOHN C. CRUDEN  
Assistant Attorney General

/S/ Norman L. Rave, Jr.
